scheduling of biometrics appointments and interviews, requests for evidence or additional information, and issuing decision notices and/or proofs of benefit. This notice updates this system of records to (1) include additions to the categories of individuals and categories of records, (2) clarify routine uses “A,” “H,” “L,” and “M,” (3) delete routine use “S,” and (4) reflect a reduced retention period for attorney and accredited representative accounts. Additionally, this notice includes non-substantive changes to simplify the formatting and text of the previously published notices. The exemptions for the existing system of records notice will continue to be applicable for this system of records notice. Additionally, this system will continue to be included in the Department of Homeland Security’s inventory of record systems.

SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. § 552a, the Department of Homeland Security (DHS) U.S. Citizenship and Immigration Services (USCIS) proposes to update and reissue a current DHS system of records titled, “DHS/USCIS-015 Electronic Immigration System-2 Account and Case Management System of Records” (November 15, 2011, 76 FR 70739).

USCIS is the component of DHS that oversees immigration benefit requests from foreign nationals seeking to enter, be admitted to, or currently residing in the United States. USCIS transformed its operations and created a new electronic environment

known as USCIS Electronic Immigration System (USCIS ELIS), which allows individuals requesting USCIS benefits to create immigration accounts online and submit certain benefit requests.

Applicants and petitioners (Applicants); co-applicants, beneficiaries, derivatives, dependents, or other persons on whose behalf a benefit request is made or whose immigration status may be derived because of a relationship to an Applicant (Co-Applicants); and/or their attorneys and representatives recognized by USCIS and/or accredited by the Board of Immigration Appeals (Representatives) may create individualized online accounts. These online accounts help Applicants and their Representatives file for benefits, track the status of open benefit requests, schedule appointments, change their addresses and contact information, and receive notices and notifications regarding their cases. Through USCIS ELIS, individuals also may submit evidence electronically.

USCIS ELIS uses information provided on initial and subsequent benefit requests and subsequent information collections through the USCIS ELIS Account and Case Management process to create or update USCIS ELIS accounts; collect any missing information; manage workflow; assist USCIS adjudicators as they make benefit determinations; and provide a repository of data to assist with future benefit requests. In addition, USCIS ELIS processes and tracks all actions related to the case, including scheduling biometrics appointments and interviews, requesting evidence or additional information, and issuing decision notices and/or proofs of benefit.

This system of records is being updated and reissued to (1) include additions to

the categories of individuals and categories of records, (2) clarify routine uses “A,” “H,” “L,” and “M,” (3) delete routine use “S,” and (4) reflect a reduced retention period for attorney and accredited representative accounts.

Categories of individuals are being updated to include Interpreters and Sponsors to better reflect the ways USCIS ELIS captures data and to include data to be collected as additional benefit types are incorporated into USCIS ELIS. Categories of records for Applicants and Co-Applicants are being updated to include:

- U.S. County;
- Fax Numbers;
- Notices and Communications;
- Other Immigration-Related Identification Numbers including:
 - Immigration and Customs Enforcement (ICE) Student and Exchange Visitor Number; and
 - USCIS E-Verify Company Identification Number;
- Tax Records;
- Travel History;
- Professional Accreditation Information; and
- Relationships to Sponsors, Representatives, Preparers, Co-Applicants, and other Applicants.

Categories of records for Representatives are being updated to include Signature.

Categories of Records for Interpreters are being added and include:

- Name;

- Organization;
- Physical and Mailing Addresses;
- Email Address;
- Phone and Fax Numbers;
- Relationship to Applicant;
- Whether Interpreters are Paid/Not Paid;
- Business State ID Number; and
- Signature.

Categories of records for Preparers are being updated to include:

- Whether Preparers or Interpreters are Paid/Not Paid;
- Business State ID Number; and
- Signature.

Categories of records about Sponsors are being added and include:

- Full Name;
- Gender;
- Physical and Mailing Addresses;
- Phone and Fax Numbers;
- Country of Domicile;
- Date of Birth;
- Place of Birth;
- Citizenship Information;

- Social Security Number (SSN);
- Alien Registration Number (A-Number);
- Employment Information;
- Financial Information;
- Position and Relationship to an Organization;
- Family Relationships and Relationship Practices; and
- Signature.

This updated notice clarifies the following routine uses. Routine use “A” has been updated to correct a grammatical error. Routine use “H” has been updated to clarify under which circumstances USCIS would release records to clerks and judges of courts exercising naturalization jurisdiction. Routine use “L” has been updated to read “requests” instead of “petitions or applications.” Routine use “M” has been updated to correct a typographical error. One routine use listed in the previous notice is omitted in this update. Previous routine use “S,” which provided disclosure to certain members of Congress, was deleted because it was duplicative to existing authorization to disclose records under 5 U.S.C. § 552a(b)(9). Finally, this updated notice includes a note explaining that confidentiality laws and policies may limit the sharing of some information that may otherwise be shared under a valid routine use.

This updated notice also presents a different retention period for information about attorneys and accredited representatives. USCIS will propose to the National Archive and Records Administration that USCIS ELIS accounts for attorneys and accredited representatives be retained for 7 years, 6 months.

Information in this system comes from the USCIS Electronic Immigration System-1 (USCIS ELIS Temporary Accounts and Draft Benefit Requests), which stores draft account and case information from Applicants and their Representatives. Once that draft information is signed and formally submitted with payment to USCIS, it becomes part of this USCIS Electronic Immigration System-2 (USCIS ELIS Account and Case Management). Results from USCIS Electronic Immigration System-3 Automated Background Functions (USCIS ELIS Automated Background Functions) will also be stored in the individual's USCIS ELIS account and/or case. This includes information from other USCIS, DHS, and federal government systems to confirm identity, determine eligibility, and perform background checks. This USCIS ELIS Account and Case Management system may store information from other DHS systems including: DHS/USCIS/ICE/CBP (U.S. Customs and Border Patrol)-001 Alien File, Index, and National File Tracking System of Records; DHS/USCIS-006 Fraud Detection and National Security Data System (FDNS-DS); DHS/USCIS-007 Benefits Information System (BIS); DHS/USCIS-010 Asylum Information and Pre-Screening; DHS/USCIS-014 Electronic Immigration System-1 Temporary Accounts and Draft Benefit Requests System of Records (USCIS ELIS-1); DHS/USCIS-016 Electronic Immigration System-3 Automated Background Functions System of Records (USCIS ELIS-3); DHS/CBP-011—U.S. Customs and Border Protection TECS; DHS/ICE-001 Student and Exchange Visitor Information System (SEVIS); DHS/ICE-011 Immigration Enforcement Operational Records System (ENFORCE); DHS/USVISIT (United States Visitor and Immigrant Status Indicator Technology)-001 Arrival and Departure Information System

(ADIS); and DHS/USVISIT-004 DHS Automated Biometric Identification System (IDENT).

Furthermore, USCIS ELIS Account and Case Management may store information from systems outside of DHS, including: Overseas Citizens Services Records, STATE-05; Passport Records, STATE-26; Visa Records, STATE-39; JUSTICE/EOIR (Department of Justice, Executive Office for Immigration Review)-001 Records and Management Information System; JUSTICE/FBI (Department of Justice, Federal Bureau of Investigations)-002 FBI Central Records System; JUSTICE/FBI-009 Fingerprint Identification Records System (FIRS); and TREASURY/FMS (Department of Treasury, Financial Management Service)-017 Collections Records.

USCIS ensures that all USCIS ELIS employees receive training and agree to USCIS-wide system rules of behavior before being granted access. USCIS provides security awareness training to all information system users (including managers, senior executives, and contractors) as part of initial training for new users, when required by system changes, and annually thereafter. DHS personnel and contractors with significant security responsibilities (e.g., adjudicators and system administrators) initially receive specialized training on USCIS ELIS functionality that is specific to their security responsibilities prior to being granted access to DHS systems. Thereafter, DHS personnel and contractors must complete annual refresher training.

USCIS collects, uses, and maintains account and case management information pursuant to Sections 103 and 290 of the INA (8 U.S.C. §§ 1103 and 1360), and the regulations issued pursuant thereto; and Section 451 of the Homeland Security Act of

2002 (Pub. L. 107-296).

Consistent with DHS's information sharing mission, information stored in the DHS/USCIS-015 Electronic Immigration Services-2 Account and Case Management, may be shared with other DHS components that have a need to know the information to carry out their national security, law enforcement, immigration, intelligence, or other homeland security functions. In addition, information may be shared with appropriate federal, state, local, tribal, territorial, foreign, or international government agencies consistent with the routine uses set forth in this system of records notice.

Additionally, DHS has issued a Final Rule, 76 FR 70638, to exempt this system of records from certain provisions of the Privacy Act pursuant to 5 U.S.C. § 552a(k)(2). The exemptions for the existing system of records notice will continue to be applicable for this system of records notice. DHS is requesting comments concerning the application of the exemptions to the newly added categories of individuals and category of records.

II. Privacy Act

The Privacy Act embodies fair information practice principles in a statutory framework governing the means by which federal government agencies collect, maintain, use, and disseminate individuals' records. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass U.S.

citizens and lawful permanent residents. As a matter of policy, DHS extends administrative Privacy Act protections to all individuals when systems of records maintain information on U.S. citizens, lawful permanent residents, and visitors.

Below is the description of the DHS/USCIS- 015 Electronic Immigration System-2 Account and Case Management System of Records.

Purpose(s):

The purpose of this system is to manage USCIS ELIS on-line applicant, representative, and organizational accounts; gather information related to a benefit request; manage workflow; generate reports; assist USCIS adjudicators in making a benefit determination; and provide a repository of data to assist with future benefit requests. In addition, the USCIS ELIS Account and Case Management process will be used to process and track all actions related to the case, including scheduling of biometrics appointments and interviews, requesting evidence or additional information, and issuing decision notices and/or proofs of benefit.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses:

Note: Even when a valid routine use permits disclosure of information from this system of records to a third party, in some cases such disclosure may not be permissible because of confidentiality laws and policies that limit the sharing of information about the application for or award of certain immigration benefits. For example, information in this system of records contained in or pertaining to applications for asylum or refugee protection, information relating to persons who have pending or approved petitions for

protection under the Violence Against Women Act, Seasonal Agricultural Worker or Legalization claims, the Temporary Protected Status of an individual, and information relating to S, T, or U nonimmigrant visas should not be disclosed pursuant to a routine use unless disclosure is otherwise permissible under the confidentiality statutes, regulations, or policies applicable to that information. These confidentiality provisions do not prevent DHS from disclosing information to the U.S. Department of Justice (DOJ) and U.S. Attorneys' Offices as part of an ongoing criminal or civil investigation.

In addition to those disclosures generally permitted under 5 U.S.C. § 552a(b) of the Privacy Act, all or a portion of the records or information contained in this system may be disclosed outside DHS as a routine use pursuant to 5 U.S.C. § 552a(b)(3) as follows:

Policies and practices for storing, retrieving, accessing, retaining, and disposing of

records in the system:**Storage:**

Records in this system are stored electronically or on paper in secure facilities in a locked drawer behind a locked door. The records may be stored on magnetic disc, tape, and/or digital media.

Retrievability:

Records may be retrieved by any of the data elements listed above or a combination thereof.

Safeguards:

Records in this system are safeguarded in accordance with applicable rules and policies, including all applicable DHS automated systems security and access policies. Strict controls have been imposed to minimize the risk of compromising the information that is being stored. Access to the computer system containing the records in this system is limited to those individuals who have a need to know the information for the performance of their official duties and who have appropriate clearances or permissions.

Retention and disposal:

USCIS is currently working with NARA to establish and publish the proposed USCIS ELIS records retention schedules. USCIS currently plans to retain all account information and supporting evidence for 100 years after the account holder's date of birth, or 15 years from last action, whichever is later. Permanent accounts (e.g., for applicants who currently have A-files) and related case snapshots and supporting evidence are permanent and will be transferred to the custody of NARA 100 years after the

individual's date of birth. Non-immigrant case information and supporting evidence will be stored for 15 years from last action. Representative accounts will be stored for 7 years, 6 months from last action. U.S. citizen accounts and cases will be archived internally after five years. All accounts and cases will be put in an inactive status 15 years after last action.

Records that are linked to national security, law enforcement, or fraud investigations or cases, will remain accessible for the life of the related activity, to the extent retention for such purposes exceeds the normal retention period for such data in USCIS ELIS. USCIS is reviewing its needs for the information as it transitions to a fully electronic environment and may amend its retention plans and schedules as needed.

USCIS proposes that, in compliance with NARA General Records Schedule 24, section 6, "User Identification, Profiles, Authorizations, and Password Files," internal USCIS personnel accounts will be destroyed or deleted six years after the account is terminated, or when no longer needed for investigative or security purposes, whichever is later.

System Manager and address:

The DHS system manager is the Chief, Office of Transformation Coordination, U.S. Citizenship and Immigration Services, Department of Homeland Security, 633 3rd Street, NW, Washington, DC 20529.

this system of records, or seeking to contest its content, may submit a request in writing to the National Records Center (NRC) FOIA/PA Office, P.O. Box 648010, Lee's Summit, MO 64064-8010. When seeking records about yourself from this system of records or any other Departmental system of records, your request must conform with the Privacy Act regulations set forth in 6 C.F.R. Part 5. You must first verify your identity, meaning you must provide your full name, current address, and date and place of birth. You must sign your request, and your signature must be either notarized or submitted under 28 U.S.C. § 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. While no specific form is required, you may obtain forms for this purpose from the Chief Privacy Officer and Chief Freedom of Information Act Officer, <http://www.dhs.gov/foia> or 1-866-431-0486. In addition, you should:

- Explain why you believe the Department would have information on you;
- Identify which component(s) of the Department you believe may have the information about you;
- Specify when you believe the records would have been created; and

- Provide any other information that will help the FOIA staff determine which DHS component agency may have responsive records.

If your request is seeking records pertaining to another living individual, you must include a statement from that individual certifying his/her agreement for you to access his/her records.

Without the above information, the component(s) may not be able to conduct an effective search, and the request may be denied due to lack of specificity or lack of compliance with applicable regulations.
